CALL FOR PROPOSALS

Based on the success of previous conferences, we will be hosting the International Annual Conference for 2021 that will be held on **October 7-9**, virtually. The theme for 2021 International Virtual Conference is "Revitalization of Professionalism in Health, Sports, and Kinesiology". The conference will consist of the following academic events.

You are cordially invited to submit a proposal for the 2021 IOHKS's International Virtual Conference, which takes place from **October 7-9, 2021** in **Zoom**. Our commitment is to maximize the exposure and impact of our research members. The mission of the IOHKS is to promote intellectual dialogues among scholars, researchers, educators, and practitioners in health, sports, and kinesiology through research that examines critical theories and issues of the field and offers implications for educational practice and development.

Presenting at the IOHKS International Virtual Conference provides an opportunity to build your professional network and experience lifelong learning with lifelong colleagues. Presenting a content-rich virtual session individually or as part of a team is a wonderful way to share knowledge, experiences, and ideas. We, IOHKS, pride ourselves on the global diversity of our research members! Please share your voice, in-person or online by submitting a proposal.

Revitalization of Professionalism in Health, Sports, and Kinesiology

Track A: Original Research Presentations (*Five Outstanding Presentation Awards*)

Unpublished original research presentations by faculty, researchers, and students.

Track B: Undergraduate Student Research Critiques (*Six Prizes*)

Open to undergraduate students and their faculty mentors
Each submission can include 1-4 undergraduate students and 1-2 faculty mentors.

Paper Submission

Track C: Teaching/Coaching Ideas and Demonstrations (*Six Prizes*)

Available for teachers and coaches only, with a brief lesson plan and a 10-12 minutes of teaching/coaching demonstration video (mp4) submission.

Track D: Pedagogical Practices and Ideas (*Three Outstanding Presentation Awards*)

Available for faculty members only. Sharing innovative and creative pedagogical practices (i.e., curriculum, high impact practices, evaluation, assessment, instructional technology, virtual laboratory, collaborative activities in class, etc.) implemented and experienced by faculty members during the COVID-19 outbreak.

Track E: Research Grant Awardees' Presentations (*Certificate of Recognition*)

Available for graduate student research grant awardees in 2021. Presentations on research findings.

Track F: Ongoing Research, Project, or Grant Briefing (*Three Outstanding Presentation Awards*)

A short and factual presentation of ongoing or recently completed research, project, or grant activity. Sharing experiences, procedures, outcomes!

All presenters in Tracks A to F with conference registration will receive a copy of "Certificate of Presentation".

ABSTRACT PUBLISHED IN JOHKS

All accepted and presented abstracts will be published in the **Journal of Health, Sports, and Kinesiology (JOHKS)**, Vol. 2, Issue 3 (supplement), October 2021. JOHKS, ISSN 2692-9864 (online) and ISSN 2767-5874 (print) is quarterly published by the International Organization for Health, Sports, and Kinesiology. JOHKS is indexed in Ingenta, Crossref, Google Scholar, ResearchGate, Academi.edu, Index Copernicus, Sciencegate, Citefactor.org, EBSCO, TrendMD, the British Library, and Portico with assigned doi numbers and the Creative Commons (CC) copyright.

Decision Notification
Within 2 weeks of submission

RULES & DETAILS FOR PROPOSAL SUBMISSION

- ▶ **Presentation topics:** All registered research scholars and students are invited to submit and present their scholarly work at the international virtual conference. Authors are encouraged to choose their presentation topics appropriate and relevant to the fields of health, sports, and kinesiology. In this way, authors should not feel limited by the conference theme.
- ▶ **Authorship limit:** All authors must be members of IOHSK. Authors' names may not appear on more than five (5) proposals. Authors are limited to five possible presentations regardless of co-authorship. Most importantly, a registered author is only allowed TWICE (2) as a first author and/or presenter on any kind of presentation and publication.
- ▶ **Authorship Limit Exception:** The only exception to the authorship limitation listed above is for faculty advisor and research mentor of students who submit abstract to participate in the Student Research Article Critique. In this case, the faculty advisor or research mentor position must be clearly indicated in the authorship section of the submission. Faculty advisor's or research mentor's name must be listed after the student's author/presenter name. All student authors/presenter must be registered students at their institution at the time of the abstract submission deadline.
- ▶ **Online submission:** <https://www.iohsk.org/submission2021a>
- ▶ **Abstract/Proposal Submission Format:** Microsoft Word Document (.doc) File only. **The official language** of the submission must be in English.
- ▶ **All authors must agree and approve the submission.** The final acceptance decision is the exclusive right of the program committee.
- ▶ **The primary focus and substance** of the submitted abstract/paper must be novel. The abstract must not have been published as an abstract or as a full paper in a scientific, medical, or professional publication at the time of submission.
- ▶ **Concurrent Submission:** Proposals submitted to the IOHSK International Virtual Conference in October 2021 should not be concurrently submitted for consideration to another conference or have been previously presented at another conference.
- ▶ **Significantly Revised Submission:** Submitted abstracts/short papers that have been already published in a semi-archival and widely disseminated publication should not be republished unless the work has been "significantly" revised. Roughly, a significant revision would contain at least 50% unpublished material and significantly amplify or clarify the original material. These are subjective measures left to the interpretation of the reviewers. In addition, it is good practice to cite the prior publication and explicitly state the difference between the new and prior material.
- ▶ **Human studies** must comply with the statement regarding the use of human subjects and informed consent (J Adv Pharm Technol Res. "Informed consent: Issues and challenges" 2013 Jul-Sep; 4(3): 134–140.) Animal studies must comply with the NIH guidelines regarding the use of animals (NIH Guide, "Position Statement on Use of Animals in Research" 1993 February; 22(8)).
- ▶ **Financial Interest:** Authors may be employed, affiliated with, or have financial interest in commercial entities that may have a relevant bearing on the subject matter of an abstract presentation. The prospective audience must be made aware of the affiliation/financial interest by an acknowledgment in the final program, as well as acknowledgment in writing on proposals and in the beginning of oral presentations.
- ▶ **Commercial products:** Presentations regarding commercial products or business services must focus on basic or applied science and not on the product or on the commercial aspects of the finding. The intent of this policy is to identify any potential conflict of interest so that the audiences may form their own judgments about the presentation. If the disclosure should be noted, please mention it on the electronic abstract submission document so that it may be noted in the final program.
- ▶ **Withdrawal:** You can withdraw your proposal/presentation prior to October 1, Friday, 6:00 pm. Email a letter stating the reason for withdrawal to office@iohsk.org
- ▶ **Conference Fee Refund:** Paid registrants cancelling on or after October 1, Friday, 6:00 pm will not receive a refund.
- ▶ **Peer-Review:** Please note that your proposal will be carefully evaluated and rigorously Peer-Reviewed by members of Conference Editorial Committee (CEC) and the Conference Review Committee (CRC). The committee may ask authors for specific changes as a condition of presentation and publication. This process does not include author's response or conditional acceptance.
- ▶ **Confidentiality of submissions** is maintained during the review process. All rejected submissions will be kept confidential in perpetuity. All submitted materials for accepted submissions will be kept confidential until the start of the conference or the release of conference abstracts in the IOHSK website, with author information which will be published on the website prior to the conference. Submissions should not contain sensitive, private, or proprietary information that cannot be disclosed at publication time.

SUBMISSION QUICK FACTS & DATES

- **Eligibility:** IOHSC Members only. Membership is free at www.iohsk.org
- **Contingency:** "All authors on the submission" must **register** and **pay** conference registration fee. Please see the conference registration fee chart to find out your registration fee, depending on your area. If your proposal is accepted, please register the conference, and pay the conference fee prior to your presentation. If you submit a proposal with co-authors/presenters, please make sure all authors listed in the proposal must meet this requirement.

NOTIFICATION: Within 2 weeks of your submission, you will receive a notification email by Dr. Young Sub Kwon, Editor-in-Chief of the Journal of Health, Sports, and Kinesiology (JOHSC). If you don't receive the notification email within 2 weeks of submission, please contact us at office@iohsk.org. Notification will include one of the following decisions:

- **Accept in its present form:** Your submission is accepted for presentation and will be published in its original form, and no changes are required. Please notice that it is extremely unusual for a submission to receive this decision.
- **Accept with minor revisions:** This is also known as conditional acceptance. The submission requires minor changes for it to be accepted. It will not be sent for a second round of peer review. The editor-in-chief and editorial committee go through the revisions and give a final approval/acceptance. The submission will be accepted only if the editor-in-chief is satisfied with the changes made.
- **Accept with major revisions:** An editor arrives at this decision when a submission needs to be substantially improved before it can be accepted. The author has to submit the revised proposal along with a point-by-point response to the reviewer comments. The revised proposal is likely to be sent of reviewers who had reviewed it the first time, but the editor may choose to send it to a different set of reviewers.
- **Revised and Resubmit:** The editor-in-chief is willing to consider the submission if it is revised and resubmitted as a new submission.
- **Reject:** The proposal is rejected for presentation. It will not be reconsidered even if the author makes major revisions.

UPON ACCEPTANCE

Please note that upon "acceptance", authors will be required to complete the IOHSK copyrights form for their proposal to be included to the conference program and publication. **A publishing agreement form** for authors will be sent to the corresponding author by email.

Authors will be required to upload their presentations in MP4 format as a virtual and pre-recorded asynchronous presentation in Zoom conference and/or Zoom Webinar that will be managed by IOHSK. Deadline to upload the video file will be notified by the Conference Organizing Committee. Early upload of the video file is highly recommended for technical confirmation and reproduction if necessary. The corresponding author of the accepted proposal should submit an MP4 file (pre-recorded video) to the "Presentation Video Upload" site at www.iohsk.org. A specific URL for file upload will be instructed with the notification of proposal acceptance.

PRE-RECORDED & ASYNCHRONOUS ORAL PRESENTATION GUIDELINES

At the 2021 IOHSK International Virtual Conference, **asynchronous/pre-recorded oral presentations (max of 12 minutes)** will be introduced and presented by "screenshare" managed by IOHSK. To record your presentation in Zoom, you must first download and install the Zoom client (<https://zoom.us/download>).

Below you will find instructions to pre-record your presentation. Recording should be uploaded by **Friday, September 24, 2021, 6:00 pm** in the U.S. Pacific Time. Please upload your file, MP4 file only and up to 800 megabytes (MB) in size, to <https://www.iohsk.org/>. If your proposal is accepted, a URL will be sent to the corresponding author by email. All asynchronous oral presentation should provide **a maximum of 12-minute recorded presentation using PowerPoint slides (10-15 slides recommended)**. Asynchronous presenters will also have the option of participating in virtual Q&A in Zoom Webinars. All presenting authors are highly expected to join their presentation session to interact with conference audience by responding any questions and comments in the "Zoom Chat". **The conference schedule will be available from September 30, 2021.**

ZOOM RECORDING INSTRUCTIONS

1. Open Zoom. In your profile, click "Settings", then "Recordings". Be sure that Local Recordings is on.
2. At the upper right corner, it will say "Host a Meeting". Click on "Host a Meeting with Video" and follow the instructions to download and run Zoom or wait for the meeting to generate.
3. Be sure that your audio and video are both on and working. The video is required to ensure a high-quality experience for the audience.
4. The size of the webcam will be 224x126 pixels in the upper right corner. Once you start screensharing, your video will move to the upper right-hand corner and may potentially cover text or images. Please adjust your presentation accordingly.
5. Become familiar with the Zoom tools available at the bottom of your screen. We encourage the use of the embedded laser pointer during the recording.
6. Press the "Record" button. Select "Share Screen" and begin your presentation. As a reminder, your presentation should not exceed 12 minutes for oral presentation. If your presentation exceeds this time limit, it may be edited after receipt.
7. Once you have finished your presentation, you can select "Stop Record" and then end the meeting, or simply end the meeting which will stop the recording. It will begin to convert your video to your local system into three files: an .m4a, .m3u and .mp4 file.

HINTS & TIPS FOR A SUCCESSFUL PRESENTATION AND YOUR VIDEO

Test your Zoom connection ahead of time, especially your audio and video; Ensure your microphone, headphone or speakerphone is near you; Avoid bright lights and windows behind you; Good light in front of you (on your face) will provide for a better image; and test any virtual backgrounds that you may be utilizing to ensure there are no video irregularities.

PREPARING A PROPOSAL: TRACK A Original Research Presentations

The proposal to present at the International Virtual Conference must be informative, including a statement of the study's specific INTRODUCTION, PURPOSE, METHODS, RESULTS, CONCLUSION and DISCUSSION. Proposals of experimental, observational, and meta-analytic studies must include data to substantiate the conclusions being drawn. It is not satisfactory to simply describe what was found (such as, "the treatment group increased their cardiorespiratory fitness more than the control group") or to only include statistical results (such as, "associations were significant at $p < .05$ "). The lack of inclusion of experimental data may result in the proposal being rejected. The abstract must be written in English and grammatically correct.

1.	Format	U.S. Letter size, Font (Time New Roman), Page Margins (all margins of top, bottom, left, and right with 1-inch): Body Text (10-point font, left justified; Headings bolded).
2.	Title	The title should be brief (limit to 20 words). Make it clear that the submission describes a research synthesis and comprehension.
3.	Author	The first and last names of the authors will be included in the author block. Do not include degrees, as this affects online search functions. A corresponding author should be indicated by * (asterisk) at the end of the corresponding author's last name (e.g., Jon Martin*).
4.	ORCID Number 	Each author needs to have an ORCID number for proposal submission. Please visit https://orcid.org for free sign-up.
5.	Institution	Institutions and departments/schools of all authors will be included. Indicate all affiliations with a lower-case superscript letter immediately after the author's name.
6.	Keywords	Must include three (3) keywords for indexing purposes. Please avoid general and plural terms, and multiple concepts (avoid, for example, "and", "of").
7.	Introduction	Include historical background, theoretical, policy and/or practical issues related to the question or relation(s) of interest, and rationale for the selection.
8.	Purpose	Clear statement of the question or relation(s) under investigation
9.	Methods	Inclusion and exclusion criteria, operational characteristics of dependent and independent variables, eligible participant populations, eligible research design features, time-period in which studies needed to be conducted, geographical and cultural restrictions, and Statistical methods
10.	Results	Assessment of research questions, statistical reports, and results of tested variables
11.	Conclusion	Statement of major findings, considerations of alternative explanations for the results, generalizability of conclusions (relevant population, treatment variations, dependent variables, or research design)
12.	Discussion	General limitations, including assessment of the quality of studies conducted, implications and interpretation for theory, policy, or practice, and guidelines for future research. This section can be combined with "Conclusion"
13.	References, Tables, Figures	Do not include references, tables, and figures. If accepted, you can include them in your Power-Point slides.
14.	Word Count Minimum/Maximum 400/700	The length of your proposal should be less than 700 words . The minimum length of your proposal should be more than 400 words . Abstract Length: 400 to 700 words . Abstract submitted with more than 700 words will not be reviewed and automatically receives "rejection".
15.	Funding/IRB Acknowledgement	If applicable or required, please include funding bodies, grant numbers, and name of the IRB approval institution (IRB Approval number is optional).

Any questions/difficulties, please email us at office@iohsk.org

PREPARING A PROPOSAL: TRACK B Undergraduate Student Research Critiques

The proposal to present at the International Virtual Conference must be informative, including a statement of the study's specific INTRODUCTION, PURPOSE, METHODS, RESULTS, CONCLUSION, and **CRITIQUE** (critique one article). The undergraduate student research critique involves critique of one research article and is designed to develop professional writing and critical thinking skills. The article should detail a single research study. Research reviews are not appropriate articles for research critique. The proposal should (a) identify critical information within the article, (b) formulate an original and insightful critique, (c) demonstrate professional writing skills, and (d) adhere to content requirements. The abstract must be written in English and grammatically correct.

1.	Format	U.S. Letter size, Font (Time New Roman), Page Margins (all margins of top, bottom, left, and right with 1-inch): Body Text (10-point font, left justified; Headings bolded).
2.	Title	Research critique on "Type original title of the article".
3.	Author 	The first and last names of the authors (students and faculty mentors) will be included in the author block. Do not include degrees, as this affects online search functions. A corresponding author (student) should be indicated by * (asterisk) at the end of the corresponding author's last name (e.g., Jon Martin*).
4.	ORCID Number	Each faculty mentor needs to have an ORCID number for proposal submission. Please visit https://orcid.org for free sign-up. This is <u>optional</u> for student authors.
5.	Institution	Institutions and departments/schools of all authors will be included. Indicate all affiliations with a lower-case superscript letter immediately after the author's name.
6.	Keywords	Must include three (3) keywords for indexing purposes. Please avoid general and plural terms, and multiple concepts (avoid, for example, "and", "of").
7.	Introduction	Include historical background, theoretical, policy and/or practical issues related to the question or relation(s) of interest, and rationale for the selection.
8.	Purpose/objective	Paraphrase the purpose statement(s) listed in the critiqued article.
9.	Methods	Identify major methodological points from the critiqued article, including subjects information, equipment and testing procedures, research design, and statistical analysis.
10.	Results	Assessment of research questions, statistical reports, and results of tested variables. Synthesize and summarize major points from the results.
11.	Conclusion	Paraphrase statements of major findings in the critiqued article.
12.	Critique (200-300 words)	Provide your critical thoughts on the article. It is very important to address (a) the major findings or conclusions of the study, (b) strengths, weaknesses, and benefits of the study results, or research design and procedures, and (c) limitations of the study, results, or research design, and (d) suggestions for research design improvement and/or future research directions. This is the most important part of your proposal as it portrays your (a) understanding of your academic field and (b) critical thinking skills.
13.	References, Tables, Figures	Do not include references, tables, and figures. If accepted, you can include them in your Powe-Point slides.
14.	Word Count Minimum/Maximum 600/700	The length of your proposal should be less than 700 words . The minimum length of your proposal should be more than 600 words . Abstract Length: 600 to 700 words . Abstract submitted with more than 700 words will not be reviewed and automatically receives "rejection".
15.	Funding/Acknowledgement	If applicable or required, please include funding bodies and financial supports (optional).

PREPARING A PROPOSAL: TRACK C Teaching/Coaching Ideas and Demonstration

The proposal must be novel, creative, informative and pedagogical, including name of the activity/lesson, appropriate grade/age group, preparation/equipment, objectives, description of the activity/lesson, and teaching/coaching tips. Similar lesson plans are available and free-to-download online (for example, <https://sparkpe.org/free-lesson-downloads> or <https://www.pecentral.org/>)

1.	Google Submission Form	The proposal submission form for Track C is available at https://www.iohsk.org/submission2021a . Choose "Track C" to submit the following information.
2.	Name of the lesson/activity	The name of the lesson/activity for teaching or coaching should be brief (limit to 20 words). How well does this name/title reflect the content and skills this lesson addresses?
3.	Name	The first and last name of the teacher/coach.
4.	E-mail address	Your preferred email address. Please include a valid and correct email address.
5.	Contact Information	Name of your school, mailing address, city, state/province, zip code, and country. (i.e., Los Angeles High School, 7777 Wilshire Ave, Los Angeles, California, 90000, USA)
6.	Target/appropriate grade/age group	Specify a target/appropriate grade or age group (which group will best benefit from this lesson?). (i.e., 1 st grade co-education, 5 th grade boys, 10-11 co-ed high school, middle school intramural boys' soccer team, high school intramural women's track and field team, 8 th grade co-ed after-school physical activity program, and so on).
7.	Preparation & Equipment Needed	Include any preparation phase and/or required equipment for the lesson. You can also specify the size of your class (i.e., 1-5, 5-10, 10-20, 20-40, over 40, individual lesson).
8.	Lesson Objectives	What are learning objectives of this lesson? Describe what students in this lesson will be expected to learn by the end of this lesson. There are three types of learning, including cognitive, affective, and psychomotor. Learning objectives can be scaffolded so that they continue to push student learning to new levels in any of these three categories. For more information, please visit at https://bokcenter.harvard.edu/learning-goals-and-learning-objectives
9.	Detailed Description	Include a description section about your lesson. What's it? How do you implement it? Any rules to follow? Any safety considerations?
10.	Teaching/Coaching Tips	Include practical teaching/coaching tips for other teachers or coaches to follow and use this lesson. Any recommendations and suggestions for this lesson that will work better?
11.	Word Count Minimum/Maximum 600/700	The length of your proposed lesson idea should be less than 700 words . The minimum length of your proposed lesson idea should be more than 600 words . Length of your lesson idea: 600 to 700 words (including target group, equipment, lesson objectives, description, and teaching/coaching tips).
12.	Media Consent Form	The Media Consent Form must be signed by a parent or guardian to give permission for their child to be included and video-taped for non-profit use. This form should be obtained and kept by the teacher/coach, confidentially. By submitting the lesson idea, you agree to comply with the Media Consent Form policy. Please check with your school or school district for the policies and forms available. IOHSK does not provide specified form forms and legal requirements that must be met. You might want to see some examples at https://infohub.nyced.org/in-our-schools/translations/forms/media-consent-form (The New York City Department of Education)
13.	Media Release Form	Generally, each Media Release Form may differ, as most schools, states, and countries do not have specified legal requirements that must be met. Form may include the following information: printed name, address, email and phone number, signature, names of the parties waiving rights for listed use, names of the parties receiving rights of the listed media (IOHSK and www.facebook.com/iohsk , and YouTube), acknowledgement, and identification and consent of legal guardian. Sample media release forms can be found at https://eforms.com/release/media/ . By submitting the lesson idea, you agree to comply with the Media Consent Form policy. Please check with your school or school district for the policies and forms available. IOHSK does not provide specified form forms and legal requirements that must be met.

PREPARING A PROPOSAL: TRACK D Pedagogical Practices and Ideas

The proposal to present at the International Virtual Conference must be practical and informative. This proposal is **open to university faculty members only** to share their innovative, effective, and creative pedagogical practices, including curriculum changes and transformation, high impact practices, evaluation, assessment, instructional technology, virtual laboratory, distance learning, collaborative activities, virtual internship, service learning, and innovative teaching strategies implemented and experienced by faculty members during the COVID-19 outbreak. This proposal will be a showcase for faculty by disseminating these effective teaching practices and ideas to the members of IOHSC, over 5,000 members in nearly 80 countries in the fields of health, sports, and kinesiology. The showcase presents a unique opportunity for faculty to gain insight and perspectives on teaching and student learning in a variety of pedagogical approaches.

1.	Format	U.S. Letter size, Font (Time New Roman), Page Margins (all margins of top, bottom, left, and right with 1-inch); Body Text (10-point font, left justified; Headings bolded).
2.	Proposal Title	The title should be brief (limit to 20 words). Make it clear that the proposal best reflects the content.
3.	Faculty Name(s) 	The first and last names of the authors (up to three faculty members) will be included in the author block. Do not include degrees, as this affects online search functions. A corresponding author should be indicated by * (asterisk) at the end of the corresponding author's last name (e.g., Jon Martin*).
4.	ORCID Number	Each faculty needs to have an ORCID number for proposal submission. Please visit https://orcid.org for free sign-up.
5.	Institution	Institutions and departments/schools of all authors will be included. Indicate all affiliations with a lower-case superscript letter immediately after the author's name.
6.	Keywords	Must include three (3) keywords for indexing purposes. Please avoid general and plural terms, and multiple concepts (avoid, for example, "and", "of").
7.	Description of the course	Describe your course with course title, number of units, lower- or upper course, required or elective, quarter or semester, class size, and objectives of the course.
8.	Reason(s) to use the practice/idea	Briefly describe why you decided and implemented the specific teaching practice being proposed in your submission.
9.	Name of the practice/tool/idea	Specify the name of the teaching/pedagogical practice, tool, idea, or approach that was used in your teaching. It could be based on conceptual and theoretical framework, the use of innovative technology, and empirical and creative teaching methods.
10.	Procedures and Implementation	Describe how it was introduced to the class, how it was used for teaching and learning, how it was perceived by the class, how effective it was, and how it could be used in other courses.
11.	Reflection and Suggestion	Reflect on the use of the specific practice or idea that will foster student curiosity, improved retention and class participation, stimulated desire to take more such classes in the future.
12.	References, Tables, Figures	Do not include references, tables, and figures. If accepted, you can include them in your Powe-Point slides.
13.	Word Count Minimum/Maximum 600/700	The length of your proposal should be less than 700 words . The minimum length of your proposal should be more than 600 words . Do I receive a "Certificate of Participation" by <u>registering</u> the conference? Registration itself will not provide you with the Certificate of Participation [Correct].	"The Certificate of Professional Development" will be issued to those who paid conference registration fees (p. 4). Members who are free to attend the conference can pay \$10.00 to receive the "Certificate of Professional Development" with the minimum attendance rate of 60% of all conference activities. Your log-in information will be entered and calculated for your attendance. The cost of \$10.00 you pay will go to the scholarship account, 100%. If you do not need the certificate, you don't need to pay for the conference (see p.4).
What if, I am free to attend the conference and pay \$10.00 for the certificate, then unable to attend the conference? Do I still receive the certificate or get refund?	No. The certificate of professional development is only issued if you participated in the conference with 60% attendance. Please see Page 3 for refund policy for conference registration fees. However, the fee for the certificate is non-refundable.
My proposal is accepted, and I will be the presenter. Should I attend the asynchronous session?	Congratulations! You will submit your pre-recorded MP4 video file that will be edited and run by Zoom Webinar Tools. Each presentation will be scheduled and presented twice due to time differences among our members. The WebinarKit system will be pre-set for your presentation and run automatically. You are not required to present during your scheduled presentations. However, it will be great if you present and interact with conference attendees using live chat or recorded chat messages. Detailed information and instructions will be provided late September 2021.
How to find out conference updates?	Please visit www.facebook.com/iohsk
What is the best way to contact IOHSK?	Please send us email at office@iohsk.org We look forward to receiving your proposals and seeing you at the conference on October 7-9, 2021! Thank you all for your continued support and participation.
